

WiShield 2.0 with External Antenna!!

Written by AsyncLabs

Friday, 09 April 2010 22:29 -

It's here! The WiShield 2.0 with external antenna. The external antenna is a 2dBi PCB style antenna, which allows for more versatile mounting options (it even comes with double side tape for mounting to a fixture). It's available in the [store now](#).

Shipping will be the week of the 18th of April. I'm on my way to vacation and Disneyland. The two and a half year old is going to love it!
